

Making a Volcano

Step 1: Place Your Cup on the Plate

Carefully place your cup on top of your plate.

Step 2: Pour Baking Soda into Cup

Wait for your teacher to tell you to pour the baking soda into the cup. Then, carefully pour the baking soda from the bag into the cup. Watch what happens.

Step 3: Decide if Volcano Erupted

Look at your volcano and decide if your volcano erupted or not. Circle your answer below.

My volcano erupted.

My volcano didn't erupt.

Making a Map

Step 1: Choose a Title for Your Map

Brainstorm ideas below.

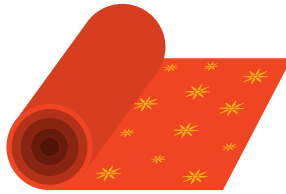

Step 2: Draw Important Items in Your Classroom

Books

Desks

Carpet

Step 3: Make a Key with Symbols

 = Erupting volcano

Step 4: Add Symbols to Map
