Writing Activity – ENT Doctor

You are an ear, nose, and throat doctor who knows all about our senses. Matt is extremely interested in learning more about his sense of smell and decides to interview you.

What part of our body allows us to smell?

Why is a sense of smell so important?

You explain to Matt that we need our nose to smell, so we have to take care of it. What are two ways you can take care of your nose and sense of smell?
